

50 years of award-winning  
sound built into every pair

PX from Bowers & Wilkins draws on 50 years of award-winning acoustic expertise to create breathtaking performance with crystal-clear trebles, insightful midranges and substantial bass. We've spent thousands of hours developing best-in-class noise cancellation that doesn't adversely affect sound quality. Using our companion app, PX adapts to your world with City, Office and Flight adaptive noise cancelling modes. PX uses the latest aptX™ HD for high-performance Bluetooth® transmission. PX responds directly to you: put them on and they switch on, lift an ear cup and they pause the music, resuming when you're ready. And with a 22-hour battery life from one charge, they always are.

**Fine tune your environment**

With the PX app, it's easy to switch between noise cancellation modes. Tweak settings such as environment filters and voice pass-through and keep up to date with the latest firmware. The app is available for both iOS and Android.

# Technology

## Bowers & Wilkins performance

PX draws on decades of Bowers & Wilkins acoustic design expertise to take you to the very heart of the music.

## Adaptive noise cancellation

Perfect sound anywhere: with three unique settings for a plane, the office or the city. PX offers the best adaptive noise cancelling, customisable to your exact preferences through our companion app.

## Feel more of your music

With subtly angled drive units derived from our P9 Signature headphones, PX delivers acoustically perfected optimised listening performance.

## PX responds to you

When you need to pause your content, lift an ear cup. Put PX down and it goes to sleep. Pick it up to resume playing. Worry less about your headphones, and enjoy your music more.

## Smart Power

With a 22-hour battery life, PX is always ready; put it down and it goes into power-saving sleep mode; pick it up and you're good to go. PX is the smartest aptX HD Bluetooth headphone on the market.

# Specification

## PX
