WIRELESS MULTI-ROOM SOUND SYSTEM
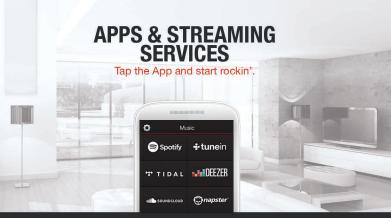

((H)) HEOS™
BY DENON

HEOS Link

WIRELESS PRE-AMPLIFIER: TURN ANY STEREO SYSTEM INTO A WIRELESS ZONE.

Connect this high quality stereo pre-amplifier via analogue, digital coax or fiber optic cables to turn any existing home theater or music system into a wireless HEOS audio zone. Play your favorite music from a range of streaming services as well as your smartphone, tablet, USB drives or other external device. Control your Denon receiver, integrated amplifier or mini system right from the HEOS app.
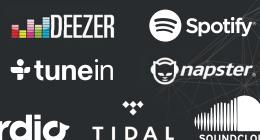

MULTI-ROOM
Every room deserves its own HEOS.

HEOS by Denon   Visit HEOSbyDenon.com to check out all the latest services available in your region.

The HEOS by Denon app and brand is not affiliated with any manufacturer of any mobile device HEOS and the HEOS logo are trademarks or registered trademarks in the US and/or other countries.

*Availability of music services may vary by region. Not all services may be available at time of purchase. Some services may be added or discontinued from time to time based on decisions of the music service providers or others. Visit www.HEOSbyDenon.com for announcements and details.
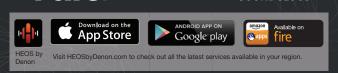

ROOMS: Name each HEOS player according to the room where it is located. Group rooms together to play the same song in party mode. Separate rooms to play a different song in each of them.

NOW PLAYING: Instantly control what is playing in every room, view cover art or check the queue for what is coming up next. Create and save playlists.

KEY FEATURES:

The HEOS Link adds HEOS multi-room audio functionality to any existing audio system or powered speakers. Enjoy streaming music from the cloud or local files using the intuitive HEOS app for iOS and Android.

With high quality stereo analogue, digital coax and optical outputs, as well as a 12V trigger and Denon IR control output, the HEOS Link is easily incorporated into whatever system you have.

- High quality D/A conversion.
- Perfect for any home theater receiver, integrated amplifier, amplifier or powered speakers.
- Analogue, Digital Coax and Fiber Optic outputs.

- 12V trigger output for power control of external devices.
- IR Output for power, volume and source selection of Denon home theater receivers, integrated amplifiers and music systems.
- FREE HEOS app.
- Stream from your favorite music service such as Spotify, Deezer, Tunein, or Napster.
- Stream music stored locally on your iOS or Android smartphone or tablet.

- A USB jack, optical digital input and auxiliary 3.5 mm analog input jack allow playback from these sources to one or more HEOS players with perfect synchronization.
- Stream music from devices on your home network such as NAS drives and PC and Mac computers.
- Built-in dual band wireless "N" connects to standard home wireless networks.
- Ethernet jack for wired network connectivity.
