## MELODY X

## Sales Pitch

**Melody X (M-CR612)**  
Hi-Fi Network Audio System

# Sales Pitch

**Full size performance in an elegant form factor, ready for today's music sources.**

Designed by the same engineers that develop our Premium Hi-Fi, using premium audio components, the Melody X delivers the true, **Legendary Marantz Sound.**

The four built-in amplifiers let's you connect **two pairs of speakers**, each with their own volume control. A special PBTL mode can merge the four amplifiers into two and turn it into a **true power beast**, allowing you to even drive big or demanding speakers.

Built-in HEOS gives you streaming from online **music services** or via **AirPlay 2/Bluetooth**, **wireless multi-room** audio and **voice-control.**

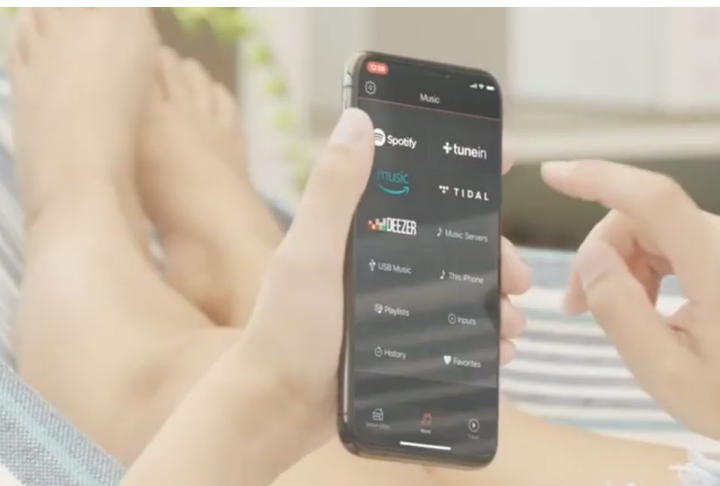

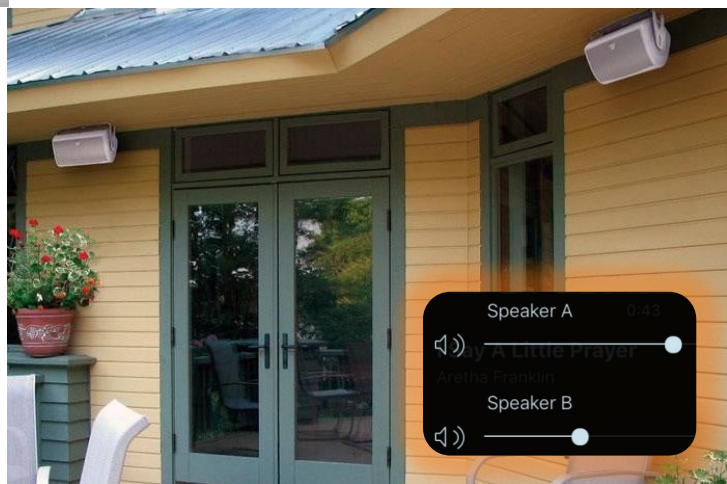

# Use Cases

As a **main Hi-Fi audio system** in the living room for music streaming, radio, CD or TV sound. Or as secondary system in your dining room, bed room or home office.

As a **2-zone audio system**. connect a 2<sup>nd</sup> pair of speakers in your kitchen or patio. Select Speaker A or B or A+B. Enjoy same source with individual volume for Speaker A and B.

As a **streaming audio system** for Spotify, Deezer, Amazon Music, SoundCloud and more. Add more HEOS-enabled devices and create a **wireless multi-room system**. The better alternative for all-in-one speakers.
