## 41422 AUDIO

The Audio home theatre seating collection offers refined, contemporary style on a smaller scale. Space-savings come from the slender track arm that has a small, subtle radius. The power headrests are nicely padded with an extensive range of travel to offer the utmost comfort regardless of your height, while the chaise style seating provides full body support for maximum relaxation. The Audio's wallhugger capability ensures seats can be placed inches away from the wall, while maintaining the ability to fully recline. Meanwhile, high-resiliency foam seating provides comfort and support whether sitting or reclining that lasts for years to come. Plush blown-fiber back cushions complete the home theater seating experience. Available in a multitude of configurations to suit any space, you can set up as many rows as needed to distinguish the lounging ambience for any occasion. As if these features were not enough, the Audio is compatible with a variety of accessories, all designed to enhance functionality and keep up with the demands of a highly functional space.

### FEATURES

- **Features:** Single and double needle top stitching for luxurious tailoring (on leather and select fabrics), Hidden plastic glides integrated into the base, Keep all your devices charged and at your fingertips with built-in USB charging, 2.1 amp
- **Frame Construction:** The majority of Palliser frames are constructed from engineered wood products, hardwood or softwood; joints are pinned and glued for uniformity and strength.
- **Cushions:** Semi-attached back cushions feature a fibre filling, blown into channels to prevent shifting and provide pillow-soft comfort, Full, chaise-style seat cushions feature a high-resiliency, high density foam core with a polyester wrap
- **Suspension:** Back suspension features sinuous springs to provide premium comfort and support, Seat suspension features heavy gauge sinuous springs, engineered to provide premium comfort and endurance
- **Mechanism Activation:** Power recline and power

## 41403 PLAYBACK

The Playback collection presents a clean, classic approach to home theatre seating. With simple lines, elegant topstitching, attached cushions and a foam-top storage arm, the Playback collection is an easy addition to any home theatre room. Semi-attached blown fibre back cushions create a pillow-like softness, while the full chaise seat offers support and exceptional comfort. The Playback collection is available in either power or manual recline, maximizing convenience. Plush seat and back cushions are pillow soft and will embrace you with warmth and comfort. The added convenience of built-in cupholders will keep your beverages safe. A multitude of straight, curved or combination configurations will suit any space and you can set up as many rows as needed to distinguish the lounging ambience for any occasion. As if these features were not enough, the Playback is compatible with a variety of accessories, all designed to enhance functionality and keep up with the demands of a highly functional space.

### FEATURES

## 41415 OVATION

The Ovation home theatre collection looks just as comfortable as it feels. Each seat features a power headrest and power recline allowing for infinite adjustment and ensuring optimal comfort. The Ovation is designed with a higher back for added comfort and support, full chaise styling and a foam arm that includes storage. This design is all about plush comfort, with the back and seat structured for full support and relaxation, just sink in and enjoy. The multi-color LED cupholder comes with a selection of seven colours, three intensity levels and ground lighting. Control the independent operation of recline and power headrest functions with a power activation integrated into the cupholder that contains two memory buttons for saving your favourite positions and a USB charger for your devices. The power headrest tilts forward to position the head and neck perfectly to enable viewing a screen in full recline. Available in a multitude of configurations to suit any space, you can set up as many rows as needed to distinguish the lounging ambience for any occasion. As if these features were not enough, the Ovation is compatible with a variety of accessories, all designed to enhance functionality and keep up with the demands of a highly functional space.

## FEATURES

## 41416 FLICKS

The contemporary Flicks collection presents a refined take on traditional home theatre seating. This collection offers endless ways to personalize your comfort. Unique features like a multi-color LED cupholder with seven different colours, three light intensities, built-in power recline and headrest activation and a home button with two memory presets make the Flicks a fun choice for home theater seating. Clean, sleek lines defined by topstitching enhance the modern styling of this collection. Full chaise seating, with a foam seat and back provide superior comfort and support, perfect for lasting comfort whether sitting or reclining. A seamless power recline and a headrest function that tilts forward to the TV viewing position allows you to customize your comfort. A multitude of straight, curved or combination configurations will suit any space and you can set up as many rows as needed to distinguish the lounging ambience for any occasion. The Flicks comes standard with ambient ground lighting for convenience in a darkened room and a luminous cool-factor sure to impress. As if these features were not enough, the Flicks is compatible with a variety of accessories, all designed to enhance functionality and keep up with the demands of a highly functional space.
